Truly, truly I am very much scared to say something about rotary International in front of you as brand of Rotary International.

Because to tell something here on the stage mean to answer lot of unspoken questions which is impossible for me.

Good evening once again my dear fellow Rotarians, esteemed guests, my president Rtn Harun Or Rashid, friends and families. I would like to thank our Immediate past president Rtn. Md. Hashem Ali and honorable every board member for selecting me for the position of secretary for the Rotary Club of Rangpur Central. And I have accepted it with great honor and humility. I am expressing my sincere gratitude to each of you for the trust and confidence you have placed in me.

This installation ceremony isn't just about the new officers; it's about renewing our commitment to service, fellowship, and making a tangible difference in our community and the world. As Secretary, I'm the keeper of our stories, the organizer of our plans, and the link connecting our members to the vital work we do.

Therefore the role of club secretary is vital to the smooth operation and success of our mission.

I promise to bring dedication, passion, and a commitment to excellence to this role. I do believe that with our collective energy, we can achieve incredible things this year. I am always looking forward to work closely with our President and the entire board to ensure that our club continues to steer up position (thrive), serve our community, and uphold the ideals of Rotary International. We will work together to make a positive impact that can be an inspiration in our community. Thank you again for this opportunity. I am really excited about the year ahead we have and ready to serve our community.

Silver Jubilee of Rotary Club

Twenty-five years ago, a group of visionary people came together with a strong commitment to service above self. From those humble beginnings, our club has grown into a vibrant force for good in our community. As Secretary, it has been my privilege to witness the dedication that defines us.

This long journey has been possible only through the tremendous efforts of our Charter President, Charter Members, all past presidents and board members. Every single member your passion, suggestions, and hands-on work are the lifeblood of this club.

And finally, our families, the Rotarian families, thank you very much for your unwavering support and understanding for allowing us to serve community as well as loving rotary club

We are standing at this quarter-century mark, we don't just look back; we look forward. We are committed to nurturing new leaders, embracing new challenges, and continuing to make a meaningful difference.

Thank you all for being here to share in this proud moment. Your presence honors our journey. May our future be filled with even greater achievement.
